Weekend Wedges

Increase Your Short Game Confidence and Competence
With Coaches Ken and Joe

Good short game players know how to look at a situation and have the confidence and competence to play the best shot.

Weekend Wedges will focus on using your wedges from the 5 to 50-yard distances, and will emphasize deliberate practice, discipline, variability, assessments, and enjoyment. This class relies heavily on the essential playing skills of VISION54® giving you a greater awareness of yourself and your short game. Your learning will consist of structured and random practice.

These 4-hour sessions are conducted as two, two-hour sessions on consecutive weekends.

This block of practice is limited to 8 students.

Come join us on this journey of self-discovery!
